

Dear Lifelong Learner:

Today kicks off our two-week giving campaign, *LLC for a Lifetime of Learning*. Now more than ever we need the intellectual stimulation and personal connection that we all get from Lifetime Learning Center (LLC).

Whether through creative writing, music, political science, exercise or discussion groups, LLC has helped keep all of us connected and intellectually engaged during this pandemic. I hope you will join me in considering a donation to our fall giving campaign and support LLC as it continues to offer a lifetime of learning.

The Board of Directors has added a second request for donations this year because:

- Moving our classes online for the foreseeable future has resulted in **fewer classes, lower enrollment, and less revenue from class fees**.
- Our operating expenses, such as rent and payroll, continue.
- **We cannot hold our popular annual book sale**, which has been a significant revenue producer.
- We also hope to **re-design our website**, which is so crucial in connecting you to LLC. A project that is un-budgeted.

Please think about what LLC means to you and give as generously as you can. Your contribution will help tremendously in filling the gaps so we can maintain and grow our vibrant community in anticipation of a transition back to meeting in person.

The campaign is scheduled for November 16th - 30th. Over the next two weeks we hope to share with you what makes LLC so special.

Wishing you good health and good learning,

Chuck Roxin
President, LLC Board of Directors

LLC is a 501(c)(3) nonprofit organization
(Tax ID No. 91-1151719)
Your donation is tax-deductible.
